

At the Jena University Hospital (JUH), Clinic of Dermatology and Allergology (Head Prof. Dr. P. Elsner), applications are invited for a

### **Professorship for Dermatology (W2)**

The person to be appointed will represent the subject in research, teaching and patient care. It is expected that he/she strengthens the research foci of the Medical Faculty.

Requirements include postdoctoral thesis (Habilitation) or equivalent scientific qualification, board certification of Dermatological and Venereal Diseases, teaching skills as well as the willingness to contribute to the medical education. The candidate should have an outstanding track record in publications and extramurally funded research.

The JUH and Friedrich Schiller University Jena are committed to increasing the number of women in research and teaching. Therefore, JUH and the University actively encourage qualified female scientists to apply. In case of equal qualifications, applicants who have a disability will be favoured over the others. The Dual Career Service offers individual counselling to support Dual Career couples in their professional development but also in other family-related matters.

Please submit complete application documents (CV, list of publications, list of lectures and courses taught, list of operations, copies of certificates and degrees, list of third-party funding) online at <https://berufungsportal.uniklinikum-jena.de> by 18.09.2019, addressed to the Vice Dean for Research of the Faculty of Medicine, Prof. Dr. Andreas Hochhaus. Please contact [berufungen@med.uni-jena.de](mailto:berufungen@med.uni-jena.de) with any questions.
