

At the Jena University Hospital (JUH) applications are invited for a

### **Professorship for Physiotherapy and Rehabilitation Medicine (W3)**

This professorship is linked to the position of the head of the Institute of Physiotherapy. The successful candidate (m/f/d) should represent the field in research, teaching and medical services.

JUH is seeking a scientific expert in the field of physiotherapy and rehabilitation medicine. The appointee should strengthen the research focus 'Aging and age-related diseases' of the Medical Faculty. Duties comprise secondary prevention, interdisciplinary clinical diagnostics, treatment and rehabilitation of physical impairments.

Requirements include university degree in medicine, doctoral thesis, postdoctoral thesis (Habilitation) or equivalent scientific qualification, a relevant board certification (preferably of Physical Medicine and Rehabilitation) and teaching skills. The candidate should have an outstanding track record in publications and extramurally funded research.

The JUH and Friedrich Schiller University Jena are committed to increasing the number of women in research and teaching. Therefore, JUH and the University actively encourage qualified female scientists to apply. In case of equal qualifications, applicants who have a disability will be favoured over the others.

Please submit complete application documents (CV, list of publications, list of lectures and courses taught, copies of certificates and degrees, list of third-party funding) online at <https://berufungsportal.uniklinikum-jena.de> by 19.03.2020, addressed to the Vice Dean for Research of the Faculty of Medicine, Prof. Dr. Andreas Hochhaus. Please contact [berufungen@med.uni-jena.de](mailto:berufungen@med.uni-jena.de) with any questions.
